

Better connected  
after hours healthcare

# JOIN OUR TEAM

## AND PRESERVE THE FINEST TRADITIONS OF YOUR CALLING

**We at DoctorDoctor know humanity, empathy and communication matter to the way you practice medicine. We have been providing after hours medical care to patients on behalf of General Practitioners for nearly half a century.**

**We provide the opportunity for both Australian and overseas doctors to experience a challenging and rewarding workplace while allowing you to focus on quality patient care.**

DoctorDoctor was a foundation member of the GP Deputising Association and is a participant in the Approved Medical Deputising Service Program. We were also a foundation member of the National Association of Medical Deputising Services.

Our orientation and mentor system for doctors has been quality assured by the Department of Health and Ageing and the Royal Australian College of General Practitioners through accreditation.

Our medical leadership team undertakes comprehensive professional development and is always available to mentor our doctors and discuss with our GP partners any element of the care we provide.

A team that values patient care above all else

Respect for your professional judgment

Excellent income

We pioneered after hours patient care - founded in 1969

Networking opportunities

Significant sign-on lump sum payments for longer-term contracts

Collaborative management support

Positions available immediately in Melbourne and Perth

Mentor support for doctors on a pathway to Fellowship of the RACGP

# YOUR WORK IN MEDICAL DEPUTISING

**We use the latest mobile and systems technology to equip our doctors and team members with comprehensive information and security. Flexible roster arrangements possible, with shifts available nights, weekends and public holidays in line with the demand for deputising services.**

**We look forward to partnering with you to provide better connected after hours healthcare to patients.**

- Contracts for work with DoctorDoctor are made to suit both our doctors and operational needs and may vary from fully flexible part time, to ongoing full-time positions. Rosters are usually made up four weeks in advance with allowance made by mutual agreement for study and other commitments.
  - Earnings are based on a fee-for-service structure and will relate to the contract structure adopted, with doctors paying a variable service fee of any fees billed. The Medicare rebate for patient services will vary with the time spent, time of day and the complexity of the service you provide. Full details of your earnings may be discussed when you contact our service.
  - Benefits may include an airfare subsidy, short-term accommodation and a short-term motor vehicle subsidy, dependent on circumstance. Arrangements can also be made for those doctors seeking longer-term motor vehicle and driver provision and we may on request also source a comprehensively equipped medical bag and other associated equipment. Please discuss your personal requirements when contacting our service with your work enquiry.
  - Doctors subject to the 10-year moratorium may access a Medicare provider number to work with our service. If you are not vocationally recognised you may be eligible for Vocational Register Medicare rebates for patient consultations while working with us.
  - In terms of immigration and medical registration, we may provide sponsorship for a temporary resident visa and will support applicants with medical registration formalities.
  - Patients are either referred by their GP for after hours care or contact us directly. The GP's instructions regarding the general management of their patients are available. Details of your diagnosis and treatment are forwarded by us to the patient's GP.
- 
- Preserve the finest traditions of your calling by joining the DoctorDoctor team. **Call our national recruitment coordinator Marianne Thomas on 03 8341 1200 or email [recruitment@doctordocor.com.au](mailto:recruitment@doctordocor.com.au) and she will contact you.**
